

THE BAUMANN MEYER SYMMETRY SERIES

UNCOMPROMISED SLIM LED TELEVISION

As a specialist in flat-panel television development, our focus at Baumann Meyer is simply to make the best televisions available.

The new Baumann Meyer Symmetry series represents a perfect harmony of design, style, technology and build quality. Starting with an LED edge-lit panel and super-slim architecture

handcrafted in brushed aluminium and optical grade glass, Baumann Meyer have developed a new proprietary 10-bit 100Hz engine to extract exceptional picture clarity and realism.

The Symmetry series is available in 46" and 55" sizes – and, of course, offers the Baumann Meyer signature choice of black or white finish.
